- Nguyễn Đắc Khôi
- Trần Văn Quyết
- Dương Phước Sang

What have we done since last week?

- Last week, we made significant progress by finalizing the website theme, outlining the essential features to be developed, and selecting the appropriate programming language to drive our project forward. These decisions set the stage for an efficient and focused development process, ensuring that we stay on track and deliver a high-quality website that meets our objectives

What will we do until next week?
- Moving forward, We will proceed with learning JavaScript, practicing its implementation to develop key functionalities, and conducting effective research for PA2 preparation.

What problem do we have?

- One minor issue we are currently facing is the challenge of scheduling future work meetings effectively. However, we believe that we can improve our approach to overcome this obstacle.
